

RAVELRY 101 – Just beyond the basics

Class Description: Ravelry is such a great resource with a lot of uses. Learn how to use Raverly for patterns, substituting yarns, cataloging your stash and needles, you can join groups, find help, track your projects, and even find discontinued yarn or books!

Material Needed:

- A laptop or wifi enabled tablet
- Your ravelry ID and password if you have an account.
- Notebook and pen/pencil

What skills you should have: Basic computer skills

What skills you will learn: How to create projects, search patterns & yarns, how to catalog your stash and needles, plus more!

Homework: Signup for Ravelry if you don't already have an account. Make sure you remember or save your ID and password so you can log in during the class.
